APPRENTICESHIP WEEK 2017

November 13-19, 2017 is Apprenticeship Week in Wisconsin and across the United States. Apprenticeship Week is an opportunity for the state and nation to share the success of this program in meeting employers' need for skilled talent. By building awareness of the positive impact that Wisconsin Apprenticeship has had on the lives of working families and on the bottom line of participating employers, Apprenticeship Week offers an invitation for others to learn more about the program.

This week also gives apprenticeship sponsors the opportunity to showcase their programs, facilities and apprentices in their community. The following event will highlight the benefits of Registered Apprenticeship in preparing a highly-skilled workforce to meet the talent needs of employers across diverse industries.

Bridging the Gap: YA2RA

Date: Friday, Nov. 17, 2017

Time: 8:00am - 10:00am

Event: Discussion about how to begin using the Youth Apprenticeship to Registered Apprenticeship Bridge and how it can help YOUR company.

Place: Mid-State Technical College
500 32nd Street, Wisconsin Rapids, WI 54494
